

## Oraxys is looking for an Intern

Start date: April/May 2022 or earlier if possible - Internship length: ≥ 6 months

Oraxys ([www.oraxys.com](http://www.oraxys.com)) is a leading and expanding Private Equity company operating in Small Caps in the Sustainable Investment segment (environment, resources efficiency, health). Oraxys has developed a solid network of investors and investments in Benelux, France, Switzerland and Germany. Oraxys international team is seasoned in Private Equity and Business development. Oraxys is based in Luxembourg, the heart of Europe.

Oraxys is looking for an Intern (6 months or more) to join its Front Office team.

### Position

You will be part of the Front Office Team of Oraxys. Your mission has various dimensions:

- Help originating new deal opportunities with direct and indirect contacts' originations.
- Contribute to business evaluation, with a view to optimize the assessment of the risks and of the value creation potential, the negotiation process and the outputs.
- Participate to Portfolio Company's development by identifying growth and build-up opportunities, achieving strategic, market, technology and financial benchmarks etc.

You manage various types of analyses: market and industry analysis, competitors' analysis, financial analysis, evaluation analysis, etc.

You are working directly with the Investment Directors and Partners.

You are based in Luxembourg.

### Profile

- You are looking for your final internship or have been recently graduated (Master level) in economics or finance from a 1<sup>st</sup> class European business school or University.
- You have one or several internships experiences (at least 6 months) in the Finance Industry, ideally in Private Equity or Mergers and Acquisitions and in international environment.
- You have excellent written and verbal communication skills, solid analytical skills and ability to work well both autonomously and in a multicultural team environment.
- Strong IT skills (Excel modeling, PowerPoint presentation, financial databases analysis).
- You are very well organized and used to work in a team (collaborative work is crucial).
- You feel conformable to work in a small company where multitasking is required.
- **Fluency in English and French is a must.** Other languages are a key differentiating factor (Flemish, German, Dutch is a plus)
