

## Associate Consultant Intern Job Description

### What Bain Looks For:

Sharp problem-solving skills. Solid leadership experience. A passion for teamwork – and for life.

### Do you have what it takes to succeed as part of the Bain team?

- **Problem-solving:** Management consulting is all about helping clients overcome their most vexing business challenges. We look for candidates with the ability to analyze a situation and formulate an effective solution. Team experience and academic achievement may also indicate strong problem-solving skills.
- **Leadership:** Do you have proven leadership experience? Whether through school or extracurricular activities, being a leader frames your application in a favorable light.
- **Passion:** We look for candidates who show an enthusiasm for solving problems and delivering meaningful results. Strong applicants are focused on succeeding both as individuals and as part of a team. They have a zest for interesting pursuits outside of the office. Passionate people bring an energy to client engagements that inspires their colleagues to do even better work.

### Program:

- The Associate Consultant Intern (ACI) Program is between 6 weeks and 6 months long, all year long
- Includes 2 days of in-office training to prepare you for management consulting case work
- Positions available in the Brussels office

### Duties and responsibilities:

- Be staffed on an actual client case after the 2 days of training
- Work with you team to solve business problems in strategy, operations, or program implementation
- Be responsible for data gathering and analysis, interviewing the client's customers, competitors, and suppliers, and presenting your findings to other case team members

### Qualifications:

Associate Consultant Intern applicants must have strong academic backgrounds, sharp analytical skills, a high motivation level, proven leadership experience, and outstanding interpersonal skills. They must be in their first Master year.

Please be sure to include the following information with your application:

- Resume
- Cover letter specific for Bain Brussels
- University transcript
