

The 'Torqx Young Business Accelerator Program'

At Torqx we actively support our portfolio companies to accelerate their growth and to bring their businesses 'to the next level'. With the Torqx Young Business Accelerator Program (TYBAP) we aim to connect Torqx' portfolio companies with bright and enthusiastic top students and post-graduates to work on challenging strategic business projects.

TYBAP offers high-potentials the unique opportunity to work on a strategic business project at an exciting company. As a Business Accelerator, you will be supporting management and solving substantial business challenges by performing analyses, (desk) research and by offering a fresh perspective. You will not only really add value to the business, but also learn a lot through the coaching of experienced senior managers and Torqx investment professionals. A project's duration may range from a couple of weeks to a few months and requires a minimum time commitment of 3 days per week. Starting dates are flexible and can be discussed per project.

Are you interested to be part of our TYBAP talent pool? We are eager to meet you!

Your profile:

- You are a top student in the final stage of your academic study or a post-graduate
- You have relevant business experience (for example internships)
- You have strong analytical and social skills
- You are entrepreneurial and have an autonomous work ethic

We offer:

- Challenging projects at exiting companies
- Financial compensation for your work
- Coaching by senior management of the company and a Torqx investment professional
- Participation in Torqx' training- and social events

For questions, please contact Willem van der Graaf, +31 (0)648019769, M: w.vdgraaf@torqxcapital.com or Joris van Aken +31 (0)655576555, M; j.vaken@torqxcapital.com. You can apply directly by sending Willem or Joris an email with your resume, grade lists and a short motivation.

About Torqx

Torqx is a leading investment firm focused on medium-sized companies headquartered in the Benelux with attractive improvement and / or growth potential. We currently invest out of a EUR 150 million fund backed by highly reputable, international institutional investors and the Torqx team itself. We have a highly experienced team with one of the best track records in the market.

Our team consists of 13 investment professionals with a down to earth approach, diverse international business backgrounds and complementary skills and expertise. We work closely together with executives and entrepreneurs to expand, improve or transform their enterprise. We take an entrepreneurial approach to investments and can offer both analytical and practical support to management to accelerate planning and implementation. By doing so, we help them to build momentum and drive performance. Leading to better results and better companies.

The Torqx company culture is professional, entrepreneurial, ambitious and open. Our offices are located in Bussum and Leuven. For more information about Torqx please refer to www.torqxcapital.com.
