

BRIGHTWOLVES®

DEVELOP YOUR CONSULTING SKILLSET IN AN ENGAGING AND HANDS-ON ENVIRONMENT

Are you a **final year bachelor or first year master student** with a passion to **transform organizations** towards success? Are you ready to have an **immediate and visible impact** on BrightWolves' internal growth and on client projects, whenever possible? Do you want to work in consulting after graduation and **learn the basic consulting skillset** from highly experienced consultants?

Then a summer internship at **BRIGHTWOLVES** is your perfect match!

An intern at BrightWolves has ownership over a set of internal projects. Next to facilitating BrightWolves' growth, you could be staffed on client projects when support is needed. Our **dynamic and fast-growing company** will provide you with all the necessary **support and trainings** to develop yourself. It is our mission to deploy your full potential during your **six weeks** at BrightWolves.

In practice, you will be expected to:

- Optimize internal processes to boost our sustainable growth
- Work on new value propositions
- Support set-up of internal knowledge management systems
- Develop insightful analysis of data and synthesize them in a structured and concise manner
- Draft down compelling presentations with clear messages
- Engage and build trusted relationship with other Wolves
- Take on responsibility from day one
