

Your Position:

As an M&A intern you will be required to perform all the tasks that typically make the everyday work of a M&A professional: i.e. financial modelling, construction of business plan, valuation of companies or assets, drafting of an Information-Memorandum, drafting of management presentations, drafting of commercial pitches, market research, contacting of acquirers for a company or an asset, drafting of acquirers list, etc. For the performance of your tasks you will be supervised by the team.

Your Profile:

- You are completing a master degree in (applied) economics and/or financial/business engineering (a specialization in corporate finance is considered a strong asset)
- You are fluent in English, Dutch and/or French

Practicalities:

- Duration: 4 - 6 months (depending on our business needs and your availability)
- Work scheme: Full-time
- Remuneration: monthly cost coverage of EUR 600

How to apply?:

Are you ready to discover the M&A world from an end-to-end perspective? While working in a great atmosphere with highly experienced professionals? Then please send your CV to: was@merodis.com
