

Private Equity internship

About 3d investors

3d investors is a family business. It was founded in 1992 by the entrepreneurial families Donck and Desimpel, active in the dairy and building materials industries, respectively. Built on a proud tradition of entrepreneurship, we choose to support solid companies with growth potential. In doing so, we start from our core values: entrepreneurship, empathy, integrity, passion and agility.

Meanwhile, we have been helping companies achieve their full potential through long-term growth for over a quarter century. 3d investors invests sustainably in companies that share our values, without applying a predetermined investment ceiling.
